## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claim 3 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Since the newly added in claim 3, lines 10-11, *each the mobile repeater station is operable with any of the portable communication terminals* that is not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed.

Regarding claims 2, 6-12,14-18, and 20- 28 are dependent on claim 3, therefore claims 2, 6-12,14-18, and 20- 28 are rejected the same reason as claim 3 above.

### **Allowable Subject Matter**

3. Claims 4-5 are allowed.

### ***Reasons for allowance***

4. The following is an examiner's statement of reasons for allowance:
